Special Edition **Number 92, 2007**

Save time and money with **EZ Tube™**

Spend less time loading and more time making sausage.

DeWied's new EZ Tube™ allows you to load your sausage casings onto the stuffing horn faster and easier. EZ Tube™ will cut your loading time by approximately 75% compared to non-tubed casings and 50% compared to the old red tube. The EZ Tube™ eliminates casing overlap that is common with other types of tubes.

Available for Hog & Sheep casings

Turn a plain gift box into an impressive Gourmet Gift

With DeWied's Holiday casings.

DeWied stocks, Holiday fibrous casings and a new assortment of less expensive HUKKI casings available in small minimum orders. HUKKI casings create great eye appeal for gift boxes because of their unique net pattern, color and shape. Holiday fibrous casings with Santa's "Merry Christmas" and "Seasoned Greetings" wish are also popular and attractive items for gift boxes.

Minimum Wage Increase

The new minimum wage has become \$5.85 per hour. All employers, regardless of the size of business, are required to pay the new, higher minimum wage. As a business owner this means rising costs to do business and a smaller bottom line.

As a company we know what its like to deal with rising costs. In a time where costs continue to rise, it is important to find ways to increase productivity and control cash flow. DeWied takes pride in doing business with the small and medium sized processors. We provide an assortment of standard stocked items with small minimum orders that go easy on the cash flow. We also have products that can increase productivity and yields, lower production costs and improve your bottom line. Take advantage of DeWied's hog casings on EZ Tubes. Both have been proven to help your bottom line.

Use DeWied's Tru-Cost software to measure your savings in casing cost per pound of finished product.

Ask your DeWied Account Executive how you can get a FREE Tru-Cost CD.

Recipe

Herter's Wyoming Polish Sausage

- 17 lbs Deer (or other venison)
- 17 lbs Lean fresh pork
- 12 oz Salt
- 8 oz Dried milk
- 1 ½ oz Freshly ground black pepper
- 1 ½ oz Ground sage
- 1 ½ oz Ground ginger
- ½ oz Ground allspice
- ½ oz Hungarian paprika
- 1 tsp Garlic powder
- 4 oz Cold water

Trim the meats, cut into chunks, mix and spread out on your work surface. Mix all the dry ingredients, sprinkle evenly over the meats, and grind with a 3/16-inch plate. Mix in the water with your hands. Stuff into DeWied hog casings, linking every 6 to 8 inches. Dry the casings and cold-smoke for 4 to 6 hours. (Herter says to use a low wood fire of maple, apple, mesquite, or hickory and to smoke at about 120 degrees F. Cook, refrigerate for several days, or freeze.

Bull Cook and Authentic Historical Recipes and Practices By George Leonard Herter and Berthe E. Herter.
